

## Extension Hair Care

- wash with sulfate free shampoo & conditioner
- sleep in a loose braid or ponytail
- sleep on a silk or satin pillowcase
- salt water & chlorine water should be avoided, if possible. If not, make sure to coat the hair with a leave in conditioner and wear in a braid
- do not cut the wefts, this can cause unraveling and premature shedding
  - brush hair 2-3 times per day
  - always brush before washing
- always use protective product when heat styling
- use of a weekly masque is recommended
- use of hair oil is recommended from mids to ends
